

2012 KAAACI Annual International Congress and East Asia Allergy Symposium

May 25, Friday

08:30~

Registration

9:00-12:00

Fellow in Training (FIT) and AAIR Symposium

09:00~10:40

1. Mechanism of allergen-specific immunotherapy (Woo Jung Song, Korea)
2. Allergen-specific immunotherapy for allergic rhinitis (Doo Hee Han, Korea)
3. Immunotherapy for food allergy in children (Hye Mi Jee, Korea)
4. Immunologic mechanisms and skin barrier abnormalities in atopic dermatitis (Hyun Jung Kim, Korea)

10:40-11:10

Coffee Break / Poster Presentation

11:10~12:00

AAIR Symposium :

1. How to write an article in English (Harvey Schmidt, Canada)
2. e-aair.org: everything you always wanted to know about the AAIR, but were afraid to ask (Choon Sil Lee, Korea)

12:00-12:50

Luncheon Symposium (I) 2nd generation antihistamine and desloratadine in allergic rhinitis (Jae Won Jeong, Korea)

12:50~13:10

Opening Remark

13:10~14:00

Plenary Lecture (I) : Anti-inflammatory lipid mediators and severe asthma (Koichiro Asano, Japan)

14:00~14:30

Coffee Break / Poster Presentation

14:30~16:00

Inflammatory cells in allergic diseases (EAAS)

1. Roles of inflammasome and endoplasmic reticulum in allergic lung inflammation (Yong Chul Lee, Korea)
2. Self-amplification mechanisms of mast cell activation: a hypothesis of allergy (Shaoheng He, China)
3. The importance of the interaction between immune and non-immune cells in the pathogenesis of allergic diseases (Kenji Izuhara, Japan)

Severe Asthma Symposium (KAAACI)

1. Phenotype of severe asthma: adult perspectives (An Soo Jang, Korea)
2. Phenotype of severe asthma: pediatric perspectives (Young Yoo, Korea)
3. Management of severe asthma (Thomas B Casale, USA)

**Workshop
for
AHP**

16:00~16:30

Coffee Break / Poster Presentation

16:30~18:30

Oral presentation (I)

EAAS 2012 Oral presentation (I)

KAAACI 2012 Oral Presentation (I)

**Business
Meeting
EAAS 2012**

18:30-19:00

Dinner Symposium : The importance of adherence for asthma treatment (An Soo Jang, Korea)

19:00-20:00

Welcome Reception and KAAACI 40th Anniversary Ceremony

	May 26, Saturday		
07:30~08:50	Meet the Expert for Young Investigators		
	Management of chronic rhinitis: medical vs surgical (Jung-Won Park, Seon Tae Kim)	Skin barrier dysfunction and proper skin care in atopic dermatitis (Ai-Young Lee)	Post infectious cough (Byung Jae Lee, Yeong-Ho Rha)
09:00~09:50	Plenary Lecture (II) Biology of IgE and anti-IgE (Thomas B Casale, USA)		
09:50~10:20	Coffee Break / Poster Presentation		
	Rhinosinus Diseases (EAAS)	Recent advances in the mechanism of allergic diseases (KAAACI)	SJS and TEN : Pathogenesis and Management (KAAACI)
10:20-12:20	1. Multiple antigen peptide attenuates a llergic airway inflammation (Jie Shao , China) 2. New strategy of the monitoring and the treatment for allergic rhinitis (Shigeharu Fujieda, Japan) 3. Allergic airway inflammation in a mouse model-inflammatory cell recruitment and clearance mechanisms (Seok Hyun Cho, Korea)	1. Novel cytokines in allergic diseases Soo Hyun Kim, Korea) 2. Role of microbiota in indoor dust and gut for pathogenesis of allergic diseases (Yoon-Keun Kim, Korea) 3. Innate lymphoid cells in mucosal immunity and inflammation (Myung Ho Jang, Japan) 4. Gene and environment in the development of allergic diseases (Soo-Jong Hong, Korea)	1. Diagnosis of of SJS and TEN: (Seung-Chul Lee, Korea) 2. Pathogenesis: Genetic culprit: (Yoon Seok Chang, Korea) 3. Pathogenesis: Immunologic mechanism: (Kapsok Li, Korea) 4. Prevention, treatment and prognosis: (Eun-So Lee, Korea)
12:20~13:10	Luncheon Symposium (II): Recent issues and clinical implications for the treatment of asthma (Ho Joo Yoon, Korea)		
13:10~13:30	Award Ceremony		
13:30~14:00	Afternoon Symposium: Clinical Benefit of Small Airway Treatment in Asthma (Sang Heon Cho , Korea)		
14:00-14:30	Coffee Break / Poster Presentation		
14:30~16:00	Oral presentation (II) and Poster Discussion		
	KAAACI, EAAS 2012 Oral Presentation (II)	KAAACI 2012 Poster Discussion	
16:00~16:30	Coffee Break / Poster Session		Symposium on Standardization for Allergic Diseases
16:30~18:00	Oral presentation (III)		
	KAAACI 2012 Oral Presentation (III)	KAAACI 2012 Oral Presentation (IV)
