

2019 KAAACI-KAPARD-WPAS-INTERASMA Joint Congress

www.allergy.or.kr www.kapard.or.kr

Date 5. 10. (Fri)~5. 11. (Sat), 2019
Venue Grand Hilton Seoul, Korea
Homepage <http://2019spring.allergy.or.kr/>

May 10, Friday

2019 KAAACI-KAPARD-WPAS-INTERASMA Joint Congress (Allergy across the lifespan)			
07:30 - 08:20	Meet the Expert Disaggregating asthma: Big investigation vs. big data Adnan Custovic (UK)	Meet the Expert I love my specialty - allergy! Pakit Vichyanond (Thailand)	Meet the Expert The challenge of diagnosing angioedema Andrea Zanichelli (Italy)
08:20 - 08:40	Registration		
08:40 - 10:40	PG course		FIT Symposium
	Recent advances of inflammation mechanisms in allergic diseases 1. Skin tissue resident memory T cells 2. Regulation of Th2 and Th17 cell responses in allergic airway inflammation 3. Regulation of immunological homeostasis by FoxP3+ regulatory T cells 4. Intracellular signaling-targeted biologic drug to control allergic inflammation	Chang Ook Park (Yonsei Univ.) Yeonseok Chung (Seoul Nat'l Univ.) Ho-Keun Kwon (Yonsei Univ.) Je Min Choi (Hanyang Univ.)	Session 1. Challenges in classification of asthma: from childhood to elderly 1. The changes of phenotype in childhood wheezing and asthma Kyunghoon Kim (The Catholic Univ.) 2. Characterizing the many faces of asthma in adults Ji-Hyang Lee (Univ. of Ulsan) Session 2. Journey to control atopic dermatitis: from childhood to elderly 1. Development of atopic dermatitis: genetics or epigenetics Sungsu Jung (Univ. of Ulsan) 2. Cytokine modulation of atopic dermatitis Youngsoo Lee (Ajou Univ.)
	Coffee Break / Poster Session		
10:40 - 11:10	Special Lecture Diagnosis and management of beta lactam allergy: an overview for the allergist		Maria Torres (Spain)
11:10 - 11:50	Luncheon Symposium 1 / Luncheon Symposium 2		
12:00 - 12:50	Opening Remark		
12:50 - 13:10	Plenary Lecture 1 Growth and decline in lung function in persistent childhood asthma: A clue to COPD		Scott T. Weiss (USA)
13:10 - 14:00	Coffee Break / Poster Session		
14:00 - 14:30	Oral Abstract Session 1	KAAACI-KAPARD Symposium 1 Lung function trajectories from cradle to grave 1. Bronchopulmonary dysplasia: The trigger of future lung function decline Kyung Won Kim (Yonsei Univ.) 2. Factors associated with lung function decline in asthma Jeong-Hee Choi (Hallym Univ.) 3. Novel mechanisms and further refined phenotypes of elderly asthma Heung-Woo Park (Seoul Nat'l Univ.)	Allied Health Professional Symposium (Korean) Session 1. Understanding basic concepts of allergic diseases to apply in clinical practice 1. Understanding pathophysiology of allergic diseases for better interpretation of test results Yong-Eun Kwon (Chosun Univ.) 2. Pulmonary function tests - the principles, indications and interpretation Jiwon Kwon (Seoul Nat'l Univ.) 3. Prevention and treatment of possible adverse reactions including anaphylaxis, during allergic examination Soyoung Park (Eulji Univ.)
14:30 - 16:20		Coffee Break / Poster Session	
16:20 - 16:50		KAAACI-KAPARD Symposium 2 Drug hypersensitivity: State of the art in the 21st century 1. Old meets new: Desensitization for drug allergy Hye-Ryun Kang (Seoul Nat'l Univ.) 2. Understanding radiocontrast media hypersensitivity as drug allergy Tae-Bum Kim (Univ. of Ulsan) 3. Drug allergy in children: What should we know? Dong In Suh (Seoul Nat'l Univ.)	Session 2. Practical tips on education and procedures for patients with allergic diseases 1. Education for food allergy Sangmi Han (Asan Medical Center) 2. Daily care for atopic dermatitis Hwayoung Kwen (Seoul Atopy Asthma Education Information Center) 3. Education for Inhaler techniques Seon-Hwa Lee (Gyeonggi-do Atopy Asthma Education Information Center) 4. Correct way to use nasal irrigation and intranasal sprays for allergic rhinitis Young Hyo Kim (Inha Univ.) 5. Procedures and precautions for immunotherapy Ok-Gyu Pak (Severance Hosp.) 6. Procedures and precautions for skin prick tests Hyo-Joung Kong (Seoul Nat'l Univ. Bundang Hosp.)
16:50 - 18:40	Oral Abstract Session 2		
18:40 - 19:10	Dinner Symposium		
19:10 - 21:00	Welcome Reception		

May 11, Saturday

2019 KAAACI-KAPARD-WPAS-INTERASMA Joint Congress (Allergy across the lifespan)			
07:30 - 08:20	Meet the Expert BAT and LTT : are they ready to be used for diagnosis of drug allergy? Maria Torres (Spain)	Meet the Expert Tips for successful collaboration in medical research Scott T. Weiss (USA)	Meet the Expert Perspectives on immunotherapy in children with anaphylactic food allergy Motohiro Ebisawa (Japan)
08:40 - 10:30	KAAACI-KAPARD Symposium 3 Confronting unmet needs in the treatment of atopic dermatitis 1. QoL of patients with atopic dermatitis by age Hyunjung Kim (CHA Univ.) 2. Widening gaps between the hare and the tortoise: how clinicians catch up advances in basic research Kapsok Li (Chung Ang Univ.) 3. Therapeutic intervention for atopic dermatitis to prevent atopic march Jihyun Kim (Sungkyunkwan Univ.)	WPAS Symposium Cutting-edge clinical research 1. Simple means to improve care for our patients with allergic rhinitis Pakit Vichyanond (Thailand) 2. Th2 and innate immune responses in the pathogenesis of occupational asthma Hae-Sim Park (Ajou Univ.) 3. Precision Allergy Molecular Diagnostic Applications in food allergy Motohiro Ebisawa (Japan)	Oral Abstract Session 3
	Coffee Break / Poster Session		
	Plenary Lecture 2 The diverse trajectories of allergy across the life-course		
10:30 - 11:00	Luncheon Symposium 3 / Luncheon Symposium 4		
11:00 - 11:50	KAAACI Award Ceremony / KAPARD General Assembly		
11:50 - 12:30	Coffee Break / Poster Session		
12:30 - 13:20	KAAACI-KAPARD Symposium 4 Is there a causal link between allergic sensitization and allergic diseases? 1. Development of allergic sensitization in perinatal period: Can it be prevented? Hyo Bin Kim (Inje Univ.) 2. Sensitization patterns in children with diverse allergic diseases Naoki Shimojo (Japan) 3. Chronological changes in allergic sensitization patterns Jae-Hyun Lee (Yonsei Univ.)	INTERASMA-Seoul Allergy Forum 1 Practical pearls in the treatment of severe asthma 1. Establishing the diagnosis: when is it severe asthma? Ken Ohta (Japan) 2. Optimal usage of inhalers in severe asthma Yoon-Seok Chang (Seoul Nat'l Univ.) 3. Clinical phenotypes of severe asthma in children Takao Fujisawa (Japan)	Oral Abstract Session 4
13:20 - 13:40	Coffee Break / Poster Session		
13:40 - 15:30	INTERASMA-Seoul Allergy Forum 2 Precision medicine in allergic diseases 1. Challenges for uncontrolled upper airway inflammation: Allergic and non- allergic rhinitis Soo Whan Kim (The Catholic Univ.) 2. Optimal allergens for diagnostic testing and biomarkers of response to allergen immunotherapy Jaechun Lee (Jeju Nat'l Univ.) 3. Biologics targeting allergic diseases: Indications and applications Fulvio Braidò (Italy)		
15:30 - 16:00	Coffee Break / Poster Session		
16:00 - 17:50	Oral Abstract Session 5		Oral Abstract Session 6
17:50 - 18:00	Closing		

The Korean Academy of Asthma, Allergy and Clinical Immunology

Korean Academy of Pediatric Allergy and Respiratory Disease
