

2015 KAAACI & EAAS

Joint International Congress

Allergy: Environment, immunity and beyond

Date • **May 8**^[Fri] ~ **9**^[Sat] 2015 Place • **Grand Hilton Hotel, Seoul, Korea**

May 8, Friday	08:30-	Registration		
		Fellow in Training (FIT) Program : Eosinophilia and related disorders		
	09:00-10:40	1. Eosinophilia: classification and treatment 2. Drug reaction with eosinophilia 3. Local and systemic eosinophilia in asthma 4. Allergic bronchopulmonary aspergillosis		Young Ho Kim (Univ. of Ulsan) Se Hyo Yune (Sungkyunkwan Univ.) Ju Young Kim (Seoul National Univ.) Ga Young Ban (Ajou Univ.)
	10:40-11:00	Coffee Break / Poster Session		
		EAAS Special lecture I		
	11:00-12:00	1. The eosinophil: from an endotypic biomarker to a pathogenic player in airway remodeling 2. Air pollution is associated with aggravation of atopic dermatitis		Takao Fujisawa (Japan) Kangmo Ahn (Korea)
	12:00-12:50	Luncheon Symposium I: Asia-Pacific Burden of Respiratory Disease : The burden of care related to asthma, allergic rhinitis, COPD and rhinosinusitis in Asia		
	12:50-13:10	Opening Remark		
	13:10-14:00	Plenary Lecture I: How allergic march starts Hirohisa Saito (Japan)		
	14:00-14:30	Coffee Break / Poster Session		
	14:30-16:00	Innate/adaptive immunity and allergy (EAAS)	Airway Symposium (KATRD-KAAACI)	
		EAAS 2015 Symposium I 1. Roles of invariant natural killer T cells in the pathogenesis of asthma 2. Innate-type and acquired-type allergy regulated by IL33 3. Regulation of T regulatory cells in chronic rhinosinusitis with nasal polyps Young Il Koh (Korea) Tomohiro Yoshimoto (Japan) Huabin Li (China)	Smoking and airway diseases 1. Impact of passive smoking on childhood allergic disorders 2. Smoking affects heterogeneity of chronic airway disease 3. Smoking intervention: rationale, evidence and practice Hyeon Jong Yang (Soonchunhyang Univ.) Yi Yeong Jeong (Gyeongsang National Univ.) Eun Mi Chun (Ewha Womans Univ.)	
	16:00-16:30	Coffee Break / Poster Session		
	16:30-17:00	EAAS Special Lecture II Recent advances in food allergy Motohiro Ebisawa (Japan)	Particulate Matter particularly matters 1. What is particulate matter? Environmental perspective 2. Impact of PM on asthma and allergic diseases 3. Impact of PM on COPD and respiratory diseases 4. Personal prevention of health effects of PM Yun Chul Hong (Seoul National Univ.) Young Yoo (Korea Univ.) Woo Jin Kim (Kangwon National Univ.) Jun Pyo Myong (Catholic Univ.)	Oral Presentation 2 (KAAACI)
	17:00-18:20	Oral Presentation 1 (EAAS)		
	18:20-19:00	Dinner Symposium: Designing an inhaled medicine : AirFluSal Forspiro Spencer Jones (UK)		
	19:00-20:00	Welcome Reception		

May 9, Saturday	07:30-08:50	Pollen allergy plants in Korea: Conversation with the author Chein Soo Hong (Yonsei Univ.)	Epidemiologic studies for allergic diseases in Korea: from cross-sectional study to cohort study Soo Jong Hong (Univ. of Ulsan)	Functional and anatomical analyses of upper airway Ji Hun Mo (Dankook Univ.)
	09:00-10:40	Allergy and Environment (EAAS)	Best evidence & best practice for difficult case	New technologies applied to allergy practice
		EAAS 2015 Symposium II 1. Air pollution and asthma An Soo Jang (Korea) 2. Impact of biodiversity, environmental factors and the microbiome on allergic diseases Ruby Pawankar (Japan) 3. Pet-keeping and its impact on asthma and allergies among preschool children in Shanghai, China Yixiao Bao (China)	KAAACI 1. Severe asthma and ACOS Sang Ha Kim (Yonsei Wonju Univ.) 2. Recalcitrant chronic rhinosinusitis Yong Min Kim (Chungnam National Univ.) 3. Strategy for restoring skin barrier defects: from atopic dermatitis to SACR Hyun Jung Kim (Seoul Medical Center) 4. Multiple food allergy So Yeon Lee (Hallym Univ.)	KAAACI 1. Biosensor and its clinical application Bong Soo Kim (KAIST) 2. In vitro approach in drug allergy Seung Hyun Kim (Ajou Univ.) 3. Impulse oscillometry and lung function evaluation Man Yong Han (CHA Univ.) 4. Novel approach to allergen immunotherapy Sang Min Lee (Gachon Univ.)
	10:40-11:10	Coffee Break / Poster Session		
	11:10-12:00	Plenary Lecture II: The adverse effect of air pollution on healthy status in chinese asthmatics Jinming Gao (China)		
	12:00-13:10	Luncheon Symposium II: A new ICS/LABA with 24hrs efficacy: Relvar Ellipta Neil Barnes (UK) KAAACI Award Ceremony		
	13:10-14:10	Commemoration Lecture Jung Saeng Cho, Hee Chul Eun, Joon Sung Lee		
	14:10-14:30	Coffee Break / Poster Session		
	14:30-14:50	Quality of Asthma Patient Management by the Primary Healthcare Providers in Korea Bo-Yeon Kim (HIRA)		
	14:50-15:40	Pro and Con Debate Should routine diagnositc tests be performed in chronic urticaria? Pro Gwang Cheon Jang (NHIS Ilsan Hosp.) Con Jae Chun Lee (Jeju National Univ.)	Oral Presentation 3 (KAAACI)	Oral Presentation 4 (KAAACI)
15:40-17:00	Year in Review 1. Year in Review-AAIR Woo Kyung Kim (Inje Univ.) 2. Drug allergy Min Suk Yang (Seoul National Univ.) 3. Chronic cough Jae Woo Kwon (Kangwon National Univ.)			
17:00-	Closing
